About the company

Rasnex is the IT brand of PT ABC AID AIM, part of the Cardinora group together with Qorari and the Sudarev studio.

What we do

We design, build and support digital systems: public-service portals, registries and dashboards, mobile apps, educational games and booking platforms. All core work is done in-house by our own team.

12 of our apps are live in the App Store and Google Play — every one passed Apple and Google review, with full privacy policies.

Why us for a tender

✔ Registered Indonesian company: NIB, AHU, NPWP, D-U-N-S.

✔ Documentation, reports and support in Bahasa Indonesia and English.

✔ Personal-data protection (UU PDP), encryption, hosting in Indonesia on request.

✔ Source code and full documentation handed over to the client.

Core services

Four directions we deliver end-to-end.

Websites & portals

Corporate sites, public-service portals, booking and e-commerce. Multilingual, fast (Lighthouse 90+), secure, with admin panels.

Mobile & desktop apps

iPhone, iPad, Android, macOS and Windows. Store publishing, offline mode, notifications, widgets, subscriptions.

Games, 3D & simulators

Educational and casual games, training simulators, 3D visualisation and interactive tourism apps (Unity, Flutter, web).

Government applications

E-services, registries, dashboards and citizen chatbots for agencies and SOEs — personal-data protection (UU PDP), hosting in Indonesia, full documentation.

Also in-house: AI systems · automation · cybersecurity audits · cloud & servers · Telegram/WhatsApp bots · rescue of stalled projects.
